

Name: _____

Everglades, Shaped by Fire

Learn more about the importance of fire in the Everglades by watching Everglades - Shaped by Fire from Everglades National Park's Education Team.

Watch video here: [Everglades, Shaped by Fire](#)

Standards: LAFS.3.RI.1.3, LAFS.3.W.1.2

After watching the video, have students answer the discussion questions listed below on your online learning platform.

1. Why is the Pine Rocklands habitat being burned?

2. What are the two ways fire starts in the Everglades?

3. What are the benefits of burning in the Everglades?

4. Describe the fire adaptation of the slash pine tree.

Everglades Literacy Lesson Connection:

Grades 3-5, Grade 3 Lesson 2 - Classifying Everglades Plants and their Habitats

<https://www.evergladesliteracy.org/third-grade>

- Students will identify plants of the Everglades using a dichotomous key and become familiar with the five different habitats of the Everglades where these plants live.
