

Name _____

Get to know South Florida's National Parks!

Directions: Watch this Odyssey Earth video:

<https://odysseearth.org/videos/sout-floridas-national-parks> to learn more about Everglades National Park, Biscayne National Park, Big Cypress National Preserve, and Dry Tortugas National Park. Each of these sites is unique and home to a variety of wildlife on land and in the water.

Students will fill out the worksheet (below), as they watch along with the Odyssey Earth video.

Standards: LAFS.2.SL.1.2, LAFS.3.SL.1.2

Everglades Literacy Lesson Connection:

Kindergarten Lesson 1: What is the Everglades?

<https://www.evergladesliteracy.org/kindergarten>

-Students will be introduced to the Everglades, learning about this special place for plants and animals that is unlike anywhere else on Earth. They will watch a presentation on some of the animals that live in the Everglades and start working on their Everglades Coloring Book.

Ask your students which park they want to visit the most! Do you or your students have any pictures or memories from visiting one of these national parks? Share with us!
